

Reference :	15980
Location :	Vodnjan
Plot size :	24000 m2

Price :	700.000 €
---------	-----------

The offer of construction and agricultural land in Vodnjan offers you an excellent opportunity for different purposes. Located in a good location, these lands allow you to realize your construction and agricultural projects.

Building plots come with an exceptional advantage - there is already water on the plot and paid utilities. This makes the construction process easier for you and ensures practicality. The design is also already underway, which makes the whole process even easier for you.

Agricultural lands are also part of this offer, offering you the opportunity for various agricultural projects. Whether you want to start your own garden or devote yourself to cultivation, these lands provide fertile ground for your ideas.
