We are selling an old Istrian stone house with a view of Grožnjan.

Detached house of impressive structure with a beautiful view.

The ground floor of the house consists of four which rooms, one was once used as a kitchen, the other as a dining room, the third as a living room and the fourth as a pantry. There is also a bathroom on the ground floor.

Upstairs are four bedrooms.

Below the large terrace there is an open space with high ceilings and a concrete slab which can be given as desired.

The house requires a complete renovation, after which the future owner would have a real gem in the heart of Istria.
