For sale is an old house/ruin with an approved reconstruction project, located on a plot of 95 m², situated in a small town near Sv. Lovreč and Tinjan. This property represents an ideal investment opportunity – the project is already completed, and the building permit has been obtained. Construction can begin immediately!

Basic information:

Area of the existing ruin: 73 m²

Yard: 22 m²

Footprint of the existing building: 61.65 m² + external staircase 11.10 m²

External dimensions: 11.24 x 5.26 m (staircase 7.21 x 1.81 m)

The reconstruction project envisions the construction of a family house on three levels (ground floor + first floor + attic), with one residential unit and access from the ground floor on the west side. It is planned to remove part of the external staircase for a more functional layout and a larger yard, while retaining the authentic character of the old Istrian house, adapted to modern living.

This property offers a perfect opportunity to create a charming home according to your own desires – whether for family living, vacation, or as an attractive investment.
